Crestview Heights, Panama City Beach, FL

Discover coastal living at its finest in this 3 bedroom, 1.5 bathroom beach house oasis just 2 blocks from the sun kissed sand of Panama City Beach! Fully remodeled just 6 years ago. Tile floors other than LVP in bedrooms, shiplap accent walls, stone windowsills, and inviting tones promote relaxation with family and friends. Bedroom off the side of the kitchen allows guests the space to relax without feeling they are in the middle of everything, yet are a part of. Primary space (with half bathroom) has a bi-level expansive set up allowing for endless possibilities with a beautiful view of the pool. Step out the french doors off the primary to relax in the sea breeze of your backyard paradise with your favorite people beneath the sails (or stars in the evening), or make a splash in you own private gunite pool! Pool surround just painted along with pavers, sail supports, and concrete pads beneath sails in backyard. Artificial turf in the back yard allows freedom to move about without fret of sandspurs or hot sand sticking to your feet.
